MEDIA CABINET

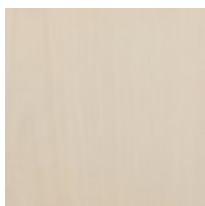

c011-016-531

COLLECTION: ADELA

DIMENSIONS: 90.5W x 24.25D x 28H

The Adela Media Cabinet exemplifies a refined approach to modern neoclassic style. With its curvaceous lines that surround the piece, even on the sides, this cabinet displays few straight lines: The Washed Alabaster maple doors and six drawers curve outward; and the sides bend inward. The piece is wrapped in a flowing, delicately-carved, metallic Blush Taupe carved ribbon motif and sits on trapezoid feet. Open the center doors with inset carved handles in the shape of elongated astroids, each beaded in metallic Blush Taupe. Behind each door is one drawer and an adjustable shelf. There is no more elegant way to store electronics for easy viewing.
